Product Integration

Optimum Suite easily integrates with SYSPRO Work in Progress, Cash Book, and General Ledger modules.

Advantages of Optimum vs. Outsourcing

- Maintain complete control over payroll and HR processes
- Utilize a more flexible, user-friendly HRIS system
- Integration to general ledger
- Operate on own payroll processing schedule, not someone else's
- Benefit from a large cost savings

Advantages of Optimum vs. Other In-house Solutions

- Optimum Solutions is the industry leader in payroll, HR and time & attendance in-house software applications.
- Optimum's advanced products are more advanced and have broader functionality
- Optimum has a superior software support team that ensures organizations' continued success
